

SUGGESTIONS For School DESIGN From the teacher's Point of View

- Little informal spaces for teachers + administration to talk and just check in with each other
YES! w/ light (natural)
- lots of bathrooms for students + teachers
- no classrooms w/o windows
- central / ~~linear~~ circular flow of traffic around the building
- no cement walls in the classroom or at least lots of peg board
- use colored floor tiles for kids to walk in line w/ stopping points in hallways.
- lots of places to display student art & classwork in hallways.
- not too many windows on classrooms - we always cover them up anyway. (safety & distraction)

- STORAGE / SINKS / LIGHTING
