

A Day Of CONCRETE knowledge

A Day of Concrete Knowledge is designed to provide valuable education programs on concrete topics. This full-day seminar provides 8 hours of AIA approved HSW LU & engineering PDH credits. Certificates will be issued to both architects and engineers.

There is a fee of \$30 to attend.

All proceeds will go to the Alabama Concrete Industries Foundation (ACIF). The ACIF yearly awards two \$8,000 scholarships to students enrolled in architecture, engineering or building science at one of the state's universities. Payments can be made online or the day of class.

dates and registration

TUESDAY, SEPTEMBER 10, 2019

THOMPSON ENGINEERING
2970 COTTAGE HILL, SUITE 190
MOBILE, AL

WEDNESDAY, SEPTEMBER 11, 2019

AGC HEADQUARTERS
5000 GRANTSWOOD ROAD
BIRMINGHAM, AL

THURSDAY, SEPTEMBER 12, 2019

DESIGN LAB
1300 MERIDIAN STREET, SUITE 200
HUNTSVILLE, AL

To register, please visit www.alconcrete.org.

For questions or more information please call 334.265.0501
*Program will last from 8am - 4pm. All day attendance is not required. However, attendees will only receive credit for the hours attended. Certificates will be issued following the end of each program.

SESSION TOPICS

“Build with Strength using Concrete Buildings”-Greg Lewis, AIA, NRMCA

“Alabama Pervious Concrete Projects – Case Study”-Bill Brasher, Ready Mix USA

“High Strength Concrete”-Robert Taylor, PE, Taylor Engineering

“Concrete Paving for Your Commercial Applications”-Amanda Hult, PE, NRMCA

“Segmental Retaining Unit Wall Design”-Brent Davis, Belgard

“Fire Safety with Concrete Masonry Products”-Jim Cain, SCMA

“High Performance Schools”-Greg Lewis, AIA, NRMCA

“Reducing Carbon Footprints in Concrete Buildings”-Robert Taylor, PE, Taylor Engineering
